

Muraba Dia Live
with Light

“There is no substitute for impeccable detailing and execution. It is this deep thinking, followed through with great attention to detail, that sets Muraba Dia apart.”

Ibrahim Al Ghurair, Muraba

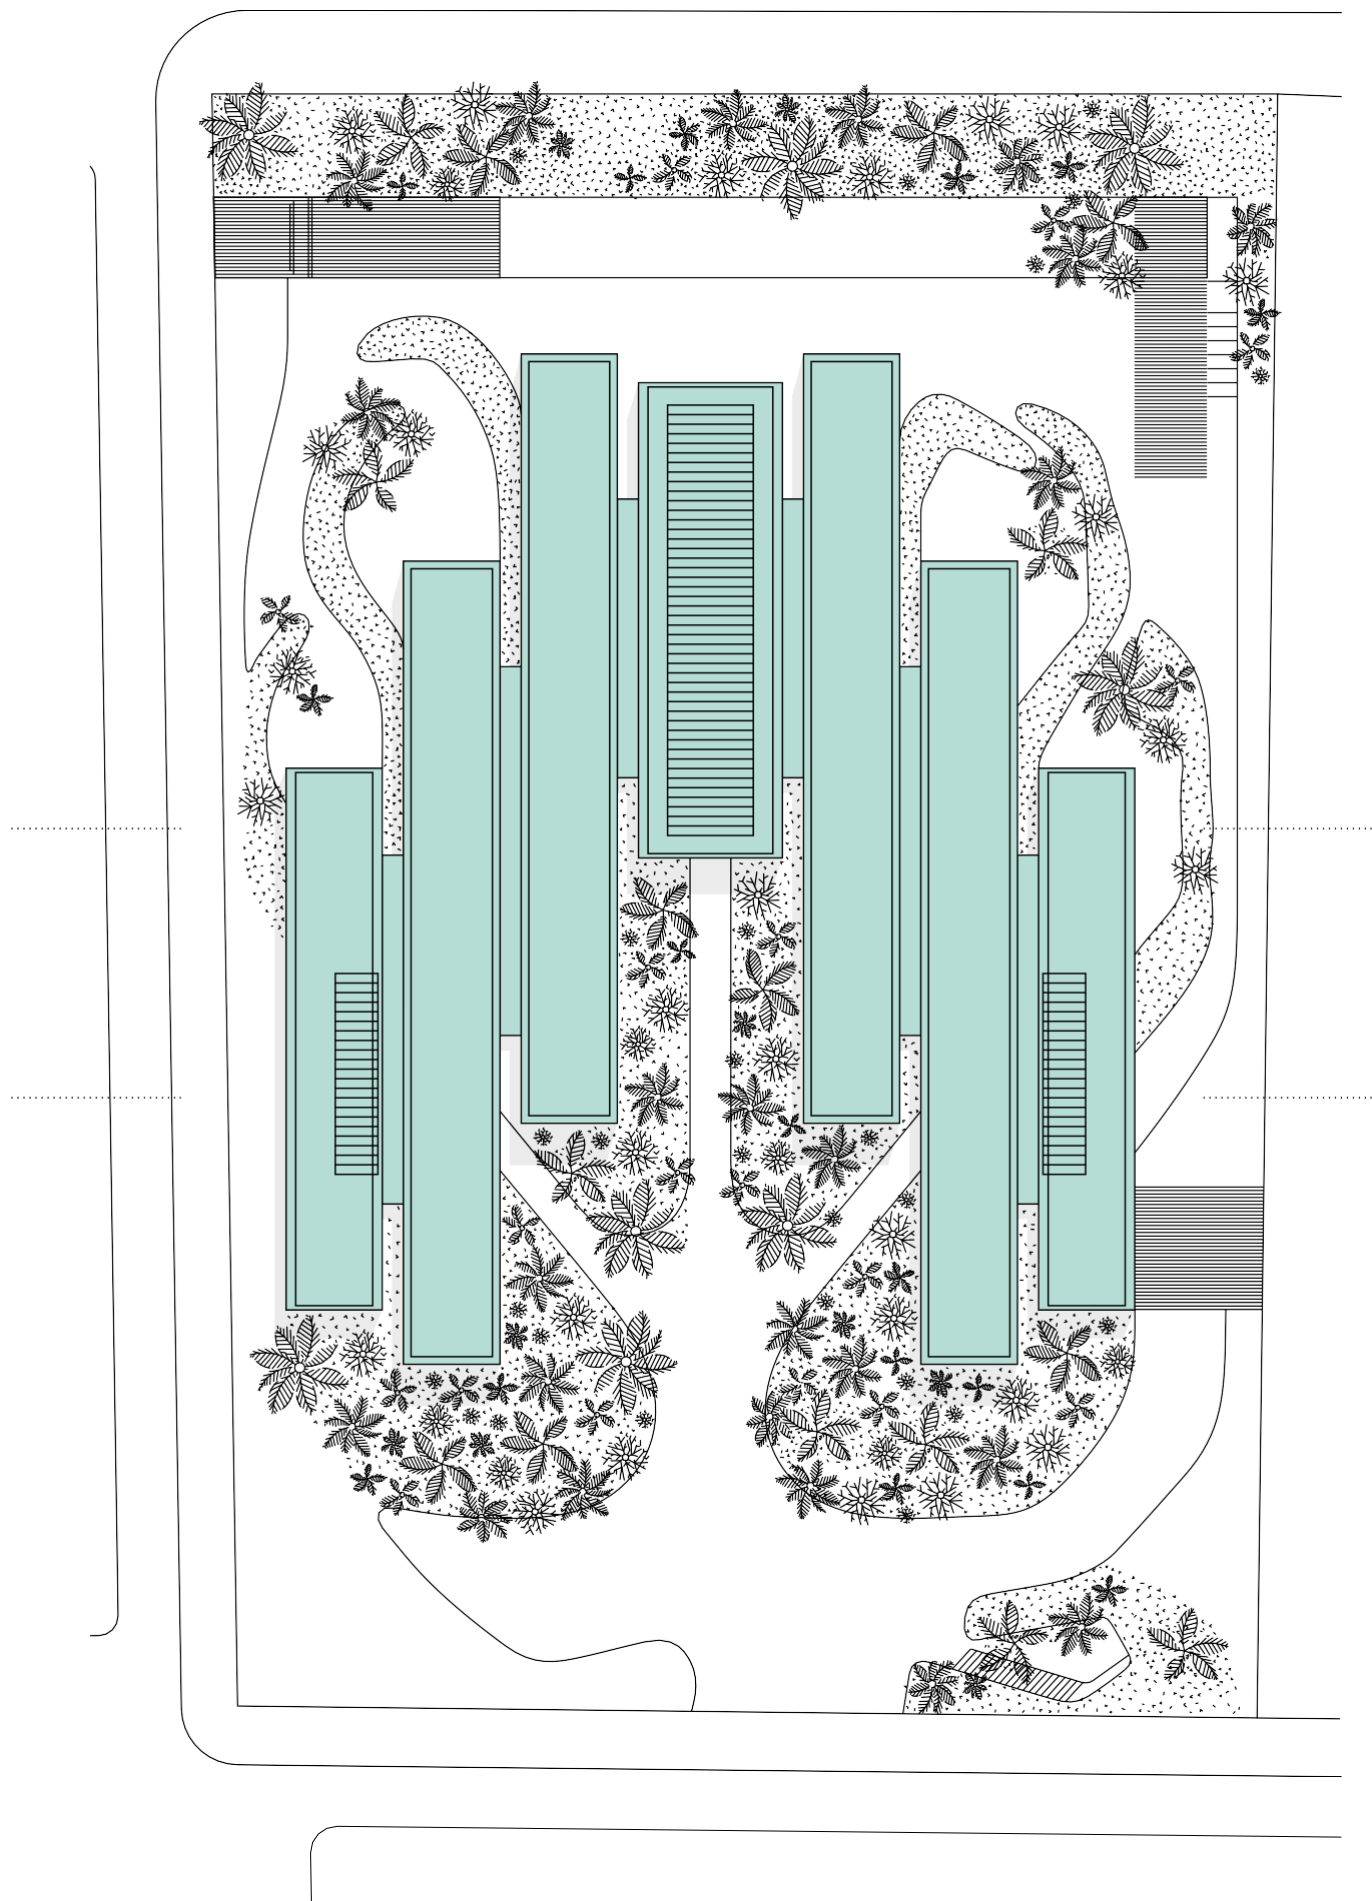

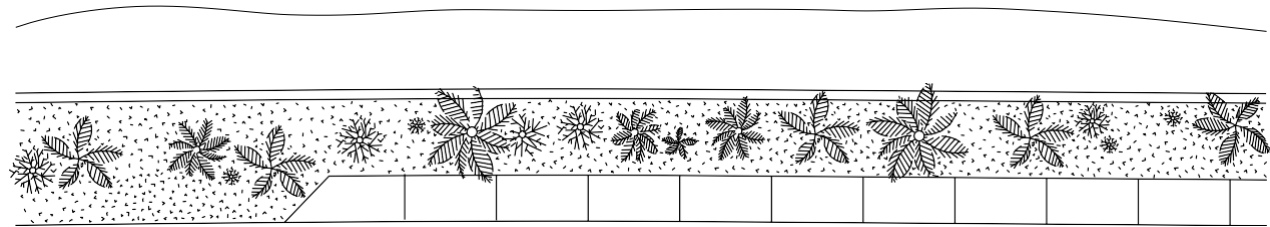

“Finding the balance of contrasts between horizontality and verticality, emptiness and fullness, density and light, and all aspects that you find in nature – this balance is what we like to express in our work.”

Rafael Aranda, RCR Arquitectes

“We would like people to find
in Muraba Dia a refuge
and a place where they will
be happy and where there is
peace.”

Rafael Aranda, RCR Arquitectes

“We thought deeply and collaboratively about what this space could become, on a very human level. The enduring philosophy is based on sound design principles, with the resident always in mind.”

Ibrahim Al Ghurair, Muraba
